TED celebrates the gift of human imagination

OUR REACH

by the Numbers

TEDxIndianapolisWomen is a cross-pollinating conference featuring local and national speakers; passionate, unique, and captivating people with big ideas from the fields of technology, education, art & design, and more.

TEDxIndianapolisWomen is the 8th event for TEDxIndianapolis. Since our beginning, we have brought over 100 speakers to the stage and received over 4 million views from our online presence; representing every continent. Our event was featured at TEDFest in 2018 by TED staff for excellence in activations and audience and community involvement.

This year's theme, *Showing Up*, is a specially licensed simulcast event with TEDWomen 2018 in Palm Springs that will also feature live local speakers and performances for the Indianapolis audience. TEDWomen will celebrate how dynamic and diverse people are showing up to face challenges head on, all while empowering each other to shape the future we all want to see. We're showing up for TEDWomen 2018. Are you?

Livestream, a partner of TEDx events worldwide, brings our event around the globe in real time to five continents and over 5,000 viewers. Sponsors at the \$5,000 level and up will have logo placement on the Livestream.

By sponsoring TEDxIndianapolisWomen, your organization will be known as a thought leader, helping spread inventive ideas throughout the community. It's like underwriting the future, giving those with ideas a torch to lead the way.
